

Guide Certification Training Overview

Introduction

The Strategic Envisioning process, developed by Dr. Aubrey Malphurs, has helped hundreds of churches over the course of the past two decades. In that time, our team has continued to iterate on the core framework to develop tools, processes, and resources to help churches make and mature more disciples. By becoming a Certified Guide with The Malphurs Group, you are learning a best-in-class framework for strategic planning and church health.

Our training process is divided into two key phases: On-Demand and Live Training. The On-Demand portion of the training must be completed prior to our Live Training Workshop. You will be tested on your ability to lead the workshops, and a solid grasp on the Strategic Envisioning content is essential to good results.

The Live Training is divided into three days. The first two days are a mock workshop experience. You'll get hands-on opportunities to lead the Strategic Envisioning workshops as well as draft a Church Ministry Analysis report. You will get direct feedback from our leadership team and other participants to help you hone your skills.

The final day of the Live Training is focused on procedures, tips, and training on the how-to's of building your consulting ministry. We'll discuss pragmatic issues like marketing, finances, and how to send proposals. By the end of the day, you'll have everything you need to get started partnering with churches and helping them make and mature more disciples.

Below is an outline of the training process.

PHASE 1 – ON DEMAND

Must be completed prior to Live Training

Estimated completion time: 8 hours

On-Demand Content Training for Strategic Envisioning Process

Training Video	Time Needed
Mission Part 1 (Video)	3:38
Mission Part 2 (Video)	8:05
